MEET HOLLY

My love for decorating weddings came from decorating my own back in 2021. I'd found my passion. I wanted to help brides and grooms realise it's not just about the venue.

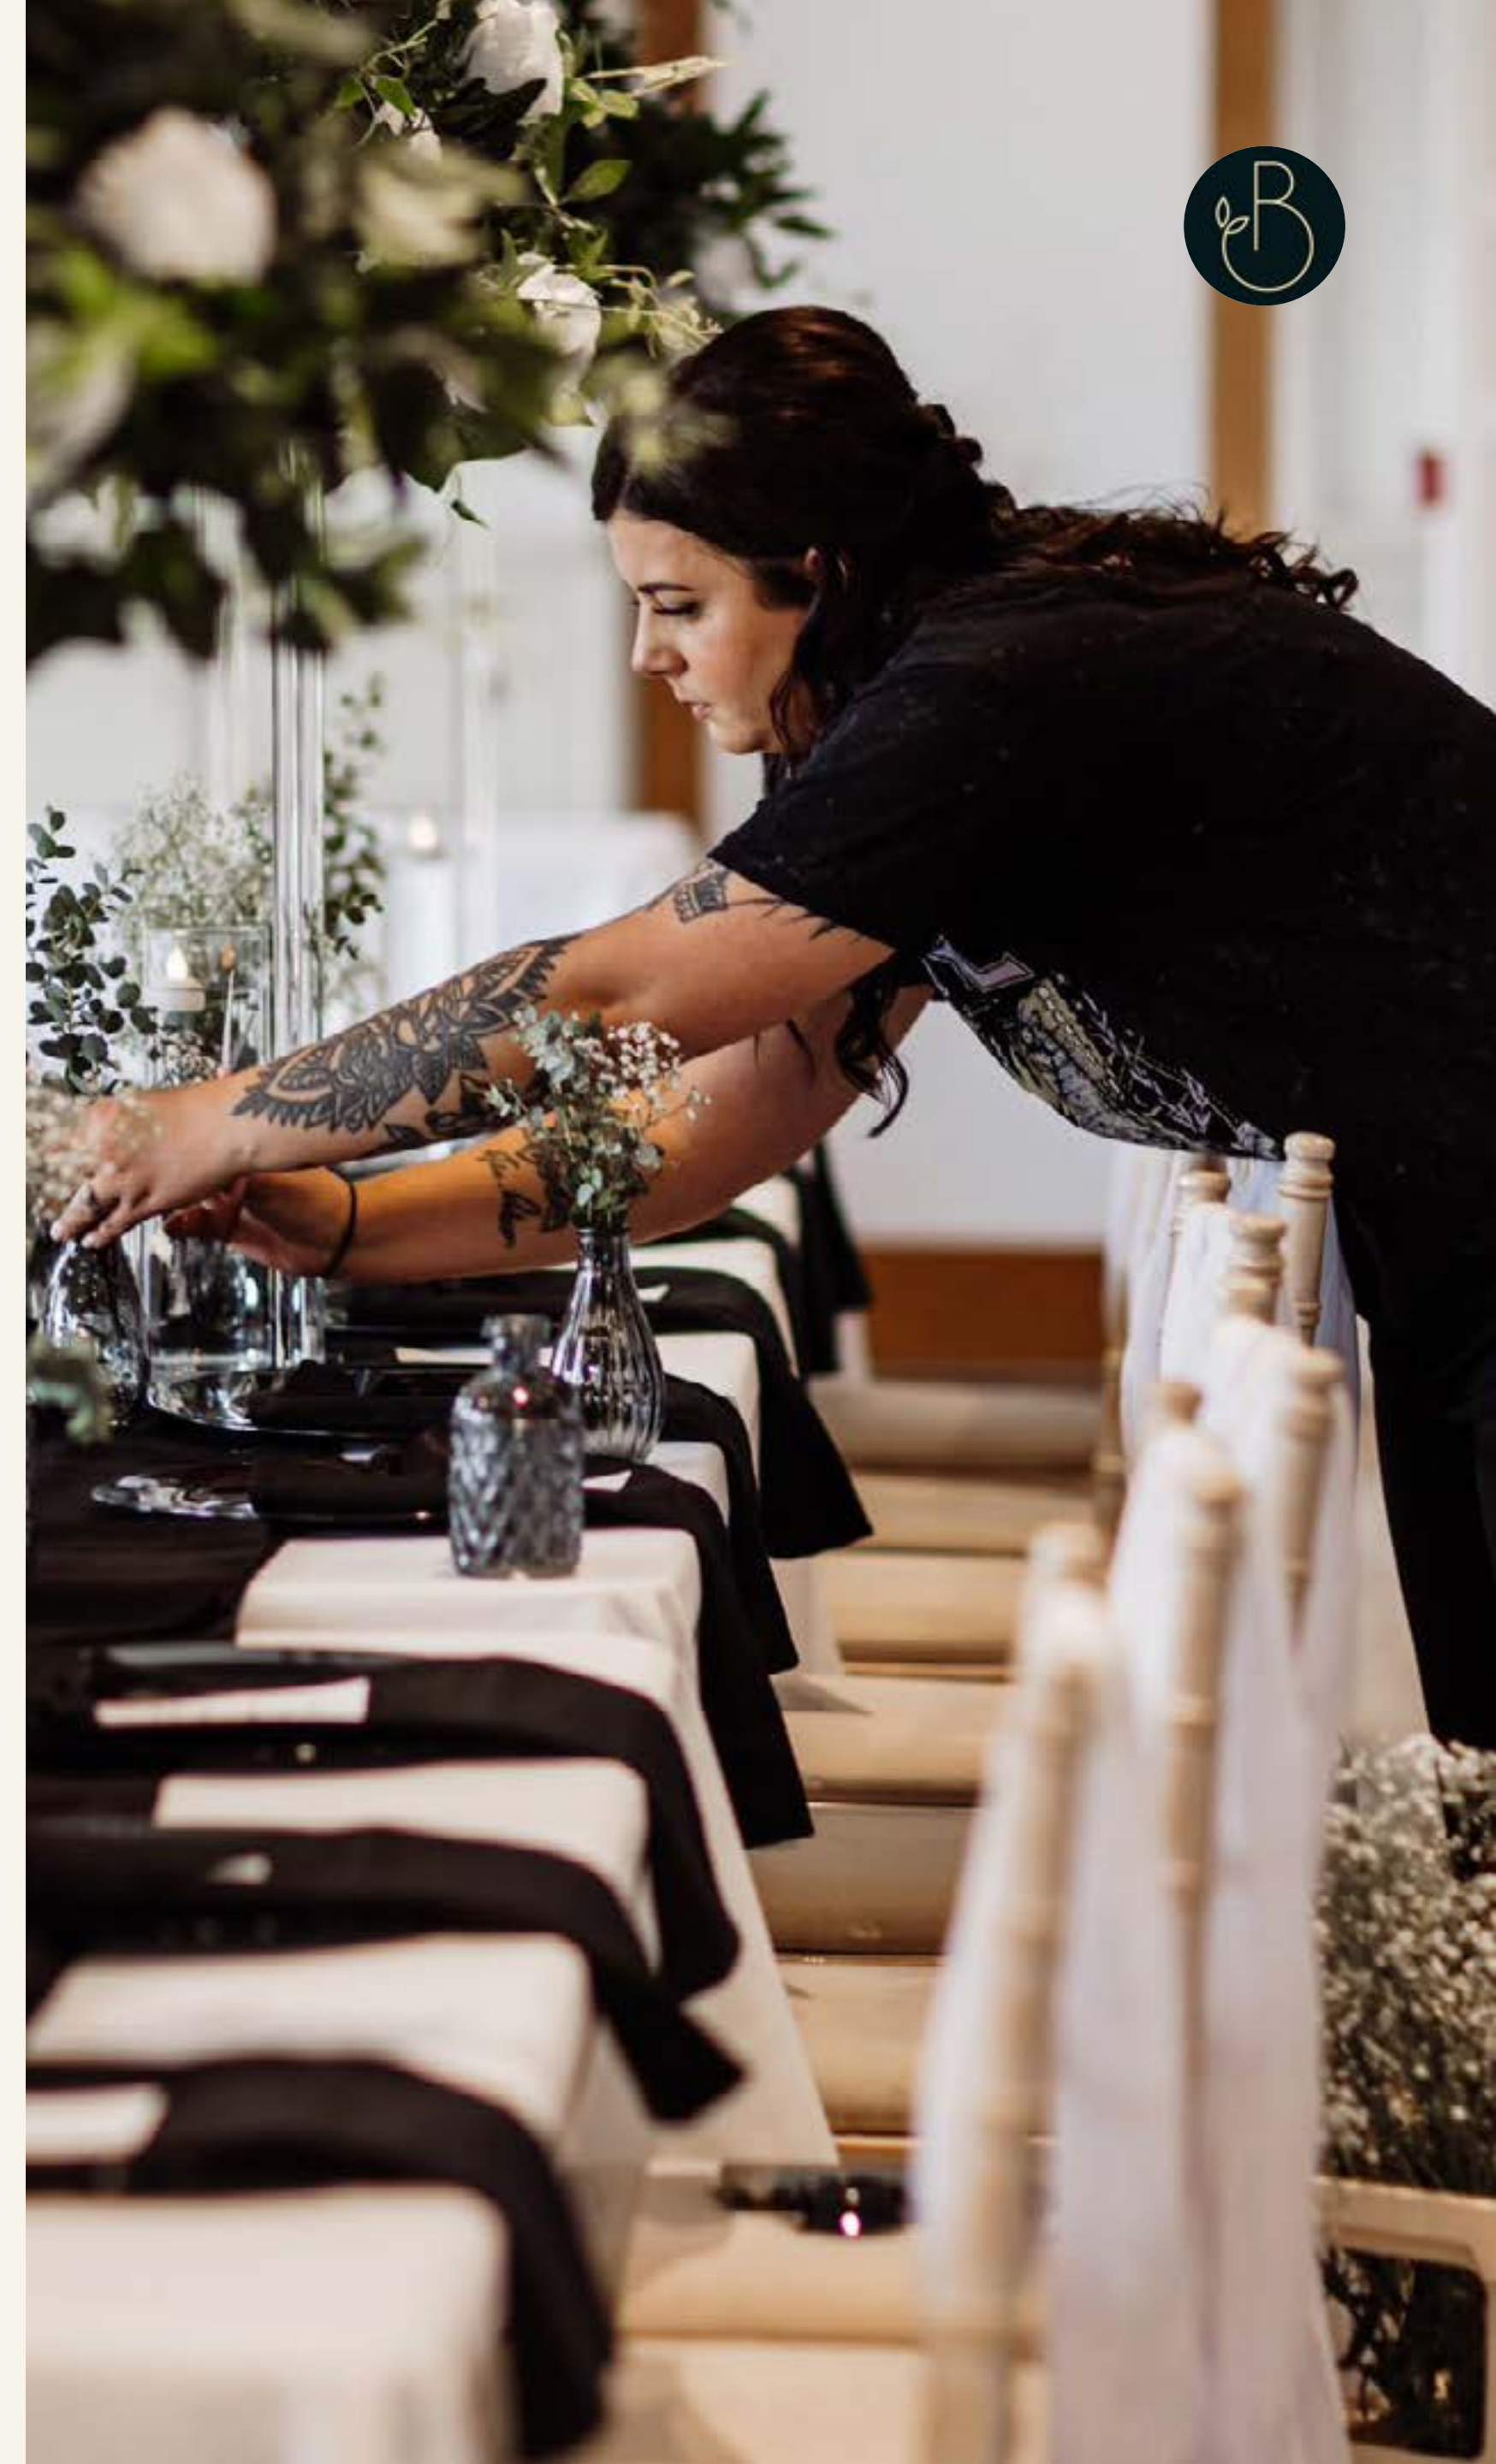

It's about how the space makes you feel.

Since then, I've dedicated my life to helping couples feel the joy I felt. By taking their dreams of a spectacular wedding and turning it into more than they could've ever imagined.

We started with small, intimate wedding venues in Peterborough. Which quickly expanded into most of Cambridgeshire. Only two years later, we now offer decor hire across Lincolnshire, too.

My plan is to help as many couples as possible forget about the stress of weddings. Let me focus on the important details. Together, we'll create a memory worth reliving.
